CHEMICALS - KEEP DRY - FOR INDUSTRIAL USE ONLY

KEEP CONTAINER CLOSED WHEN NOT IN USE

1721 is used to control algae, bacteria, and fungi in recirculating commercial and industrial water cooling towers.

1721 IS EFFECTIVE AT ALL pH VALUES AND WILL NOT CAUSE FOAM.

#### DIRECTIONS FOR USE

Prior to use of 1721 in water cooling towers, systems should be cleaned to remove algal growth, microbiological slime, and other deposits. Then make an initial slug addition of 70 to 175 mL of 1721 per 10,000 litres of water in the system. Repeat initial dosage until control is evident. Make subsequent slug additions of 20 to 175 mL of 1721 per 10,000 litres of water every 2 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling towers.

#### PRECAUTIONS

KEEP OUT OF CHILDREN

Harmful if swallowed. Avoid breathing vapours. Avoid contact with skin, eyes, or clothing.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water, food, or feed by storage or disposal. Do not reuse empty container.

Pesticide, spray mixture or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the

terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
