Technical	1.0%

REG. NO. 21500 P.C.P. ACT.

VETREPHARM INC.

69 Bessemer Rd., Unit 27, London, Ontario N6E 2V6

DIRECTIONS:

Dust liberally over the animal beginning at the head and working back. Be sure powder gets down to the skin, including feet and legs. To prevent reinfestation, applications should be repeated at weekly intervals as needed. Also dust animal bedding and sleeping quarters.

WASH HANDS AFTER USE.

FIRST AID:

If in eyes or on skin, flush with clean water. If irritation persists, obtain medical attention. Carbaryl is a moderate reversible cholinesterase inhibitor. If swallowed, induce vomiting and go to hospital. Atropine is antidotal.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid contact with animal's eyes. HARMFUL IF INHALED OR SWALLOWED. AVOID BREATHING OF DUST AND CONTACT WITH SKIN. WASH THOROUGHLY AFTER USING.

AVOID CONTAMINATION OF FEED OR FOOD STUFFS. Do not treat kittens or puppies under 12 weeks of age. Do not use on nursing females. Consult your veterinarian for use on pregnant animals. Repeat applications may produce skin or nasal irritation in sensitive animals. If this occurs, discontinue use.

DO NOT REUSE CONTAINER.

DISPOSAL: Dispose of empty container with household garbage.
