KEEP OUT OF REACH OF CHILDREN

Made in Canada for:

Wahl Canada Inc.,
80 Orfus Rd., Toronto,
Ontario M6A 1M1

Net Contents 375 mL

1-866-787-9245

DIRECTIONS FOR USE:

DO NOT administer by mouth. Shake bottle well before using. Wet dog thoroughly with warm water. Apply shampoo and rub shampoo into coat beginning at the head and working backward until entire body is covered-approximately 5 mL/kg. Pay special attention to neck, hindquarters, areas under legs, around the tail and between toes. Do NOT treat eyes, face or genitals of the pet. For difficult infestations, allow the lather to remain for 3-5 minutes. Rinse thoroughly to remove all traces of shampoo on the dog's coat. Do NOT use on dogs under 12 weeks of age. Do not treat nursing females. Do not use on sick animals. Do not use on animals under drug or pesticide treatment. Consult a veterinarian before using on pregnant animals. Do not use this shampoo more often than once every 2 weeks. Treatment must be repeated only if the pest problem reoccurs. Do NOT use solely as a shampoo when there is no pest problem.

For effective flea and tick control, treatment of the pet should be combined with sanitation of any area used by the pet. Vacuum floors, carpets and furniture (discard vacuum bag after use) and wash the pet's bedding, living quarters and surrounding areas. If pest problems persist, an insecticidal treatment of the premises may be required. A veterinarian should be consulted when flea infestation continues to be a problem on the pet.

PRECAUTIONS:

HUMANS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed or absorbed through skin. May irritate eyes. Avoid contact with mouth, eyes, skin and clothing. After handling or applying, wash hands (or any other skin that came into contact with the product) with soap and water. Avoid contact with pet until dry. Avoid product contact with food, food utensils or places where food is prepared or stored.

PETS: Harmful if swallowed. Rinse the dog thoroughly with water to remove all traces of shampoo. Avoid contact with dog's mouth, face, eyes and genitals. Do NOT allow dog to lick the suds from the coat or to ingest any of the shampoo.

FIRST AID:

HUMANS: IF SWALLOWED, do not induce vomiting. Obtain medical attention or call a poison control centre immediately. IF ON SKIN, wash affected areas with soap and water. IF IN EYES, flush eyes with plenty of water. If skin or eye irritation persists, obtain medical attention.

PETS: Sensitivities may occur after using ANY pesticide for companion animals. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

Take container, label, or product name and P.C.P. Registration Number with you when seeking medical or veterinary attention.

TOXICOLOGY INFORMATION: Treat symptomatically.

DISPOSAL:

DO NOT REUSE EMPTY CONTAINER. Wrap and dispose of empty container with household garbage.
