DIRECTIONS FOR USE:

To be used in the manufacture (repackaging) of a pest control product solely for export from Canada. Read the technical bulletin for formulating details.

PRECAUTIONS:

May cause eye or skin IRRITATION. Avoid contact with eyes or skin. Potential skin sensitizer.

FIRST AID:

In case of contact with eye, flush eyes immediately with water. In case of skin contact, with water. Should irritation persist

following contact, seek medical attention. If swallowed, call a physician or poison control centre immediately.

STORAGE:

Store in a cool, dry area away from heat.

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the provincial regulatory agency.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
