MAXI-DEET INSECT REPELLENT

DIRECTIONS FOR USE

Remove cap and spray just enough repellent to cover exposed skin

and/or clothing. Do not spray directly on face. To apply to face, spray on hands and rub on. Wash or wipe palms after applying. Do not apply to eyes and mouth and do not apply to hands of young children. Avoid overexposure. Do not use under clothing. Repeat as needed. Frequent reapplication and saturation is unnecessary for effectiveness. For ticks and chiggers, also apply to shoe tops, socks and around openings in clothing. After returning indoors, wash treated skin with soap and water. Wash treated clothing.

STORAGE: Store in a cool, dry area away from heat or open flame.

DISPOSAL: Do not reuse empty container. Wrap empty container in newspaper and discard in household garbage.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. DO NOT USE ON INFANTS OR TODDLERS. May cause eye injury. Harmful if swallowed. Instruct older children in the proper use of this product. Do not get on lips, in mouth or into eyes. Do not apply over cuts, wounds or irritated skin. Avoid contact with plastics, such as eyeglass frames and fabric such as acetate and rayon. Do not apply near fire, flame or sparks. Do not contaminate food or utensils. Do not contaminate any body of water.

FIRST AID: In case of contact with eyes, flush with water. Get medical attention if irritation persists. If product is ingested, call a physician or poison control center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person. Use of this product may cause skin reactions in rare cases. If you suspect that you or your child is reacting to this product, wash treated skin and call your physician or local poison control center.
