\*00862 Provides rapid control of Houseflies, Mosquitoes, Small

Flying Moths, (Millers), Gnats, Wasps and accessible stages of Roaches, Ants, Water Bugs, Silverfish, Flour Beetles, Weevils, Grain Mites and Spiders. In hospitals, patients should be removed from room prior to treatment. Room should be ventilated two hours after spraying. Do not return patient to room until after ventilation.

#### **DIRECTIONS FOR USE**

SHAKE BEFORE USING AND AT INTERVALS DURING PROLONGED USE. Hold container upright with nozzle away from you. Press valve down and spray as directed. To avoid possible staining of fabrics or surfaces, do not spray at close range.

**\*Houseflies, Mosquitoes, Gnats, Wasps, and Small Flying Moths (Millers):** Close all doors and windows and spray room at the rate of 1 second per 28 square metres. Direct spray to all parts of the room, especially windows and other light sources which attract these insects. Keep nozzle in constant motion. Keep room closed for 10 to 15 minutes after treatment. Repeat treatment if necessary.

**\* Cockroaches, Silverfish, Crickets, Spiders, Centipedes, and Sow Bugs:** Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible. Repeat treatment as necessary.

**\*Ants:** Spray trails, nests and points of entry. Spray on ants where possible. Repeat as necessary.

**\*Indian Meal Moths and Angoumois Grain Moths:** Close doors and windows. Direct spray into all parts of room especially around stored food product containers pallets and darkened areas. Spray 7 to 10 seconds for each 28 cubic metres of space. Keep area closed for 15 minutes following treatment. Repeat application weekly or as needed.

**\*Carpet Beetles:** Spray directly on beetles, baseboards, floors, shelves and carpets. Apply as a spot treatment only. Repeat as necessary.

**Confused Flour Beetles, Saw-toothed Grain Beetles, Granary Weevils, Rice Weevils, Red Flour Beetles, Grain Mites:** Spray into cracks and crevices, around cartons and containers and other areas where these insects tend to congregate. Spray 30 seconds

for each 9.3 square metres of surface. Keep area closed for 45 minutes to 1 hour after treatment. Repeat applications as necessary.

**\*Lice:** Spray on garments, bedding mattresses, furniture, floors, carpeting and inanimate surfaces. First spray inconspicuous area to test for possible staining or discolouration. Inspect after drying, then proceed to spray entire area to be treated. Hold can upright with nozzle away from you. Press button and spray surface to be treated from a distance of 25.5 cm. Spray each square metre for 3 seconds, directing spray into all infested surfaces until moist. For Bedding: Make sure spray is directed into corners of fitted sheets and blankets as well as inside and outside of pillow cases. In the case of garments and headgear, close attention should be given to seams, hems, cuffs, collars and creases. After treatment, bedding and all garments must be either laundered in hot water or dry cleaned as required.

**\* For Mattresses, Furniture and Carpeting:** Direct spray into all folds, tucks, seams and crevices of infested areas until moist. Allow all treated surfaces to dry completely before use.

#### **NOT FOR USE ON HUMANS OR ANIMALS**

**\*Bedbugs:** Spray mattresses, particularly around tufts and seams. Take beds apart and spray into all joints. Treat baseboards, mouldings and frames. Repeat treatment as necessary.

**\*Fleas:** Spray sleeping quarters, bedding, floor, and floor covering where pets are kept. Replace pets's old bedding. Repeat as necessary. Use only a recommended pet spray on pets.

**To use entire contents:** Hold sprayhead stationery and rotate can until material sprays as shown.

**PRECAUTIONS:** Flammable! Contents under pressure. Keep away from heat, sparks or open flame. Do not puncture or incinerate container. Exposure to temperatures above 54.4 deg C. may cause bursting. KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes or clothing should be avoided. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially processed or prepared. Do not use in serving areas while food is exposed.

**FIRST AID:**

If inhaled: Remove victim to ventilated area. Apply artificial respiration if necessary. If in Eyes: Flush eyes with plenty of water. Contact a physician if irritation persists. If on Skin: Remove contaminated clothing and wash affected areas with soap and water. If swallowed: DO NOT INDUCE VOMITING. Call a physician or Poison Control Centre immediately. Vomiting may cause aspiration pneumonia.

**DISPOSAL:**

When container is empty, press valve to release all pressure. Dispose of empty container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and cleanup of spills contact the regional office of Environment Canada.

**NOTICE TO USER:**

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
