CAUTION {Poison Symbol} POISON

#### READ THE LABEL BEFORE USING

Net Contents: 45 kg

Dow Chemical Canada Inc 1425 Vidal Street South, B114 Sarnia, Ontario N7T 8C6 For Help in Emergency Call 519-339-3711 \* Trademark of and licensed by The Dow Chemical Company

#### PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. HARMFUL IF SWALLOWED. Avoid contact with eyes. Wear chemical-resistant gloves, long pants, a long-sleeved shirt and shoes plus socks during mixing, loading and other handling activities. Wash thoroughly with soap and water after handling and before eating, drinking or smoking. Harmful if inhaled. Wash contaminated clothing with soap and water before reuse. Formaldehyde can be released during use of this product. It is recommended that this product not be used in circumstances which would result in formaldehyde air concentrations in the workplace exceeding the exposure levels established by occupational health and safety authorities in your jurisdiction. If values exceed this level it is recommended that NIOSH approved respiratory protection be worn.

## FIRST AID

**If swallowed**: IMMEDIATELY induce vomiting by giving 2 glasses of water and sticking finger down throat. Never give anything by mouth to an unconscious person. **In case of eye contact**: Flush eyes IMMEDIATELY with plenty of clean water. Contact a physician or poison control centre.

In case of skin contact: Wash thoroughly with soap and water.

**In case of inhalation**: Remove to fresh air. If not breathing, give artificial respiration and get medical attention.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION Treat symptomatically.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic organisms.

This product is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product. For use in terrestrial oil wells only. Do not apply in marine and/or estuarine oil fields

# DIRECTIONS FOR USE

Tris Nitro Solid Antimicrobial Agent A will provide protection at a concentration of 1000-2000 ppm active i To obtain 1,000 ppm, add 102g Tris Nitro Solid Antimicrobial Agent A per 100 litres of fluid.

# STORAGE

Tris Nitro Solid Antimicrobial Agent A decomposes in the presence of alkaline materials. Protect from vapors of ammonia and amines during handling and storage to prevent deterioration and release of formaldehyde.

# DISPOSAL

- 1. Triple- or pressure-rinse the emptied container thoroughly and add the rinsings to the treatment site.
- 2. Follow provincial instructions for any additional cleaning of the container prior to its disposal.
- 3. Make the empty container unsuitable for further use.
- 4. Dispose of the container in accordance with provincial requirements.
- 5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean-up of spills.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the *Pest Control Products Act* to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on this label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
