A-3 is a Disinfectant/Detergent/Fungicide/Virucide/Odour Counteractant. Intended for use in Hospitals, Nursing Homes and Related Institutions, Food and Beverage Processing, and Recreational Facilities. Preparation and Service Institutions, Retail, Manufacturing, Educational Facilities.

A-3 provides the disinfection to kill a wide range of Gram-positive as well as Gram-negative bacteria, fungi and viruses with excellent detergent and residual odour counteraction properties.

A-3 is safe and effective on non porous surfaces such as porcelain, tile, glass, stainless steel, chrome, also on washable painted, varnished or lacquered surfaces.

A-3 at a dilution of 12 mL per L is effective against the

following:

BACTERIA: Escherichia coli, Klebsiella spp, Proteus vulgaris, Salmonella chloreraesius, Serratia marcesens, Shigella flexneri, Staphylococcus aureus.

Fungi: Aspergillis niger, Candida albicans, Trichophyton interdigitale

Viruses: Canine distemper, Feline pneumonitis, Herpes simplex, influenza A2 (Aichi) Parainfluenza (Sendai) Vaccina for pseudomonicidal activity use 16 mL per L (at half the above dilution A-3 classifies as a sanitizer).

DIRECTIONS: KEEP OUT OF REACH OF CHILDREN. Mix an accurate dilution in hot or cold water. A-3 is equally effective in hard or soft water. Apply solution with mop, sponge, cloth scrubber or sprayer. Remove solution and the suspended soil with clean wet mop, sponge, cloth or wet vacuum pickup.

WARNING: Avoid contamination with food. Surfaces subject to food contact must be thoroughly rinsed with potable water.

FIRST AID: (Concentrated Form)

INGESTION: Swallow promptly a large quantity of milk, egg whites, gelatin solution or a large quantity of water. Avoid alcohol. Call physician.

TOXICOLOGICAL INFORMATION: Because of probable mucosal damage, omit gastric lavage.

SKIN CONTACT: Wash promptly with soap and water.

EYE CONTACT: Flush eyes with copious amounts of water for 15 minutes. Call physician. NOTE: Not an irritant in use dilution form.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Environment Canada.
5. For small spills: Recover free liquid. Soak up residue with solid absorbents. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

DO NOT STORE IN FOOD PROCESSING AREAS OR IN FOOD STORAGE AREAS.

N.B. Products having a D.I.N. and/or P.C.P. Reg. No. are NOT WHMIS CONTROLLED.

KEEP FROM FREEZING M.S.D.S. Available.
