Sergeant's (R) Sentry (R) IV Cat Collar

CONTAINS SENGARD (TM) (NALED) IN UNIQUE FORMULATION

DIRECTIONS: Buckle Sentry Collar around cat's neck securely but not too tightly. Allow a spacing of two fingers between collar and neck. Cut off any excess length of collar and dispose of in garbage. The fleas on the cat will be killed and new ones which may temporarily appear on the cat will also be killed. When bathing cat, remove collar until cat is dry. Use the Sentry (R) IV Collar in addition to regular collar. Replace collar when effectiveness diminishes.

PRECAUTIONS: DO NOT ALLOW CHILDREN TO PLAY WITH THIS COLLAR. Do not open inner envelope until ready to use. Collar is intended for use only as an insecticide generator and is not to be taken internally by man or animals. Do not use on nursing females or on kittens under 12 weeks of age. Do not use on sick animals or animals under drug or pesticide treatment. For use on pregnant animals, consult a veterinarian. Do not use on dogs.

FIRST AID: If accidentally swallowed or chewed, obtain medical attention at

once.

TOXICOLOGICAL INFORMATION: Naled is an organophosphate Cholinesterase inhibitor. Atropine is antidotal.

DISPOSAL: Dispose of expired collar, packaging, and any excess collar, with garbage to keep out of reach of children.
