PROFILM Disinfectant Concentrate solution has a built-in time
release of formaldehyde for the final disinfection of farm and
hatchery buildings, vehicles and equipment. Little or no
formaldehyde odour will be detected.

DIRECTIONS FOR USE:

Simply dilute with water as directed below and apply by spray or
manual methods. Allow to air dry after assuring a minimum
contact time of 10 minutes.

	Use Dilution	PROFILM	Water
Final disinfection	1:128	40 mL	5 L

Farm Buildings, Vehicles, etc:

Evacuate animals from buildings or vehicles. Remove all litter and manure from floors, walls and surfaces of barns, pens, stalls, chutes and other facilities. Preclean all surfaces using a germicidal detergent (e.g. PROSOVET or PROQUAT. Then thoroughly wet all surfaces with PROFILM Solution. Ventilate buildings and other closed spaces and allow treatment to dry before housing livestock.

Livestock Equipment:

Empty all feeding and watering equipment. Preclean all equipment using a germicidal detergent as above. Then thoroughly wet all parts of the equipment with PROFILM Solution. Immerse all halters, ropes, forks, shovels and scrapers as well as other types of equipment. Do not spray onto feed to be consumed by animals or birds. Rinse feeders and waterers thoroughly with potable water prior to reuse.

TOXICOLOGICAL INFORMATION:

Probable mucosal damage may cause nausea, vomiting and occasionally diarrhea. Measures against circulatory shock, as well as oxygen and measures to support breathing manually or mechanically may be needed. Vapours may cause mucosal irritation, contact hypersensitivity, dyspnea, headache, nausea, acidosis and cardiac palpitation. Ingestion may cause shock, dysuria, haematuria, anuria, vertigo, convulsions, CNS depression and respiratory failure.

Also contains methanol 0.68%.

Oral LD50 (rat): 19.1 g/kg.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. WARNING - eye irritant.

FIRST AID INSTRUCTIONS:
If swallowed, induce vomiting. Never give anything by mouth to an unconscious person. Call a physician. If the material comes in contact with eyes, flush immediately with water.

DISPOSAL:

1.   Rinse the emptied container thoroughly and add the rinsings to treatment site.
2.   Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3.   Dispose of the container in accordance with provincial requirements.
4.   For information on the disposal of unused, unwanted product and the cleanup of spills contact the regional office of Environment Canada.

5. For small spills. Recover free liquid. Soak up residue
    with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS,
    INFORM ENVIRONMENT CANADA AS IN # 4.

NOTICE TO USER: This control product is to be used only in
accordance with the directions on this label. It is an offence
under the Pest Control Products Act to use a control product
under unsafe conditions.
