Metered pressurized spray for cam-Spring action type dispenser. In meat packaging and food processing plants, only spray when plant is not in operation. No exposed meat products, ingredients or packaging materials to be left in room and cover food handling equipment. Any treated surface that may contact meat food products or other food products should be washed and rinsed thoroughly with potable water after spraying and before re-use for food packaging. - **Use Areas:** Restaurants, food, plants, dairies, stables and other areas with at least 170 m³ of free flow air space where flies and mosquitoes are in annoyance. The automatic dispenser that activates the valve, releases 55 mg of product every 15 minutes. Each can contains enough product to protect a room of 170 m³ for up to 30 days. **DIRECTIONS:** Remove protective cap from top of can and insert can in special automatic dispenser. Place dispenser/actuator 2-3 m above floor at point where air circulation will carry particles throughout the area. **PRECAUTIONS: Contents under pressure:** Container may explode if heated. Do not expose to temperatures above 50°C. DO NOT USE IN PRESENCE OF OPEN FLAME OR SPARK. Do not puncture or incinerate. Do not contaminate food, feed or water. Avoid contact with skin and inhalation of spray mist. Wash after using. Contents toxic to fish and birds. Do not install directly over polished plastic or varnished surfaces. **KEEP OUT OF REACH OF CHILDREN. FIRST AID:** In case of contact with eyes or skin, flush with water. If irritation persists, seek medical attention. If accidentally swallowed seek medical attention at once. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention. **TOXICOLOGICAL INFORMATION:** Treat symptomatically. **DISPOSAL:** When container

is empty, press valve to release all remaining pressure. Dispose of empty container in accordance with provincial requirements. For information on the disposal of unused, unwanted product, contact the provincial regulatory agency or the manufacturer. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills. **NOTICE TO USER:** This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions. **NOTICE TO BUYER:** Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
