## **DIRECTIONS FOR USE:**

**Laundry:** Dilute 40 to 50 mL of this product in 1 litre of water and pour in your wash water before adding laundry. Safe for nylon, orlon, terylene and for all fast colours. Do not use on wool, silk, unfast colours, leather or silverware.

**Different uses:** Removes stains and deodorizes toilet bowls, baths, garbage cans, patient rooms, linoleum, woodwork, tiles, counter sinks, refrigerators, dish water: 15 mL per 1 litre of water.

**On the farm:** Normally; 20 mL of this product in 10 litres of water yields a solution containing 200 ppm available chlorine. The use of this product at a concentration equal or greater than 200 ppm available chlorine on materials or surfaces which come into direct contact with food should be followed by a rinse with potable water.

## **SWIMMING POOL:**

1. Maintain recommended daily levels as determined by testing kit.

Free available chlorine: 1.0 – 3.0 ppm

pH: 7.2 – 7.8

Total Alkalinity: 100 – 120 ppm

Calcium Hardness: 200 – 300 ppm

2. Initially superchlorinate pool water by adding to the pool 1 L of UltraAqua 12 per 10,000L of pool water. For best results superchlorinate at dusk

3. Chlorinate daily to maintain proper chlorine residual with 250 mL of UltraAqua 12 per 10,000 L of pool water, or as needed.

NOTE: Hot weather, heavy pool usage, and rain may require higher usage rates to maintain proper chlorine residuals.

4. Superchlorinate weekly with 1 L of UltraAqua 12 per 10,000 L of pool water when average daily temperature is 25° C – 32 °C. Otherwise, superchlorinate every other week.

5. For visible algae superchlorinate using 2 L of UltraAqua 12 per 10,000 L of pool water. Heavy algae infestation may require dosages up to 3 L per 10,000 L. Vacuum pool when dead algae settles.

For wading pools, chlorinate daily to maintain a chlorine residual of 3 – 5 ppm by adding 45 mL of UltraAqua 12 per 1,000 L of pool water, or as needed.

NOTE: For outdoor pools, chlorine residuals can be protected from destruction by sun's rays by addition of stabilizer (cyanuric acid).

**PRECAUTIONS:**

- KEEP OUT OF REACH OF CHILDREN.
- Dangerous gas formed when mixed with acid.
- Do not mix with any other chemical.
- Do not re-enter treated area until two hours after spray or fogging application.
- Wear goggles or a face shield, chemical-resistant gloves, long pants, a long-sleeved shirt, shoes and socks when handling this product.
- Avoid contact with skin and eyes.
- Harmful if swallowed.
- Keep container closed and store in a cool location.
- Rinse container thoroughly before discarding. Do not re-use.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

**FIRST AID:**

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control

centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:**

Treat symptomatically.

**NOTICE TO USER:**

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

**DISPOSAL:**

1. Triple or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for the clean-up of spills.

**Keep upright in a cool dark place. Do not freeze.**
