Johnson®

Raid®

crack & crevice roach foam

KILLS COCKROACHES, ANTS, EARWIGS AND OTHER
CRAWLING INSECTS WHERE THEY HIDE!

PRESSURIZED SPRAY/DOMESTIC

350 g

CAUTION EXPLOSIVE

READ THE LABEL BEFORE USING

Wand applicator lets you spray into cracks and crevices where crawling bugs hide - Keeps on killing with residual action even after it dries - Kills roaches up to 60 days.

DIRECTIONS:

Shake before using. Extend wand applicator into position before spraying. ROACHES: Spray into cracks and crevices and hard to reach places, spray under baseboards where roaches hide, and where the insecticide won't be mopped away. Foaming action of the formula fills crevices, leaving a long-term, active residue. ANTS, SILVERFISH, EARWIGS, CRICKETS & SPIDERS: Spray around doors, windows and wherever insects are seen to enter house. Repeat as necessary but not more than once every two months. For enhanced control, use as a system with Raid Roach & Earwig Terminals.

PRECAUTION:

KEEP OUT OF REACH OF CHILDREN. Do not use as space spray. Do not use on humans, pets or foodstuffs, food utensils or fishbowls. Do not use in areas where food is stored. Wash dishes and food-handling utensils thoroughly in soap and water if they become contaminated during application. May be fatal if swallowed. May be absorbed through skin. Avoid contact with skin, eyes and clothing, in case of contact with skin, wash with soap and water. Wash contaminated clothing before

use. Avoid breathing spray mist or vapour. Do not allow children or pets in treated area until dry. KEEP FROM FREEZING. CONTENTS UNDER PRESSURE. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container or store at temperatures over 50°C.

Dispose of empty container in household garbage.

FIRST AID INSTRUCTIONS:

If in eyes, flush with plenty of water for 15 minutes and get medical attention. If swallowed, drink one or two glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not induce vomiting.

TOXICOLOGICAL INFORMATION:

Active ingredient is a cholinesterase inhibitor. Treat symptomatically. Atropine is antidotal.

GUARANTEE:
CHLORPYRIFOS 0.50%
