Use for industrial and institutional sanitation, hand-dipping and mould control. Pre-clean surfaces prior to treatment. Use Concentration: 20 ml for each 10 litres of water (=100 ppm available chlorine). Surfaces subject to direct food contact must be thoroughly rinsed with potable water.

PRECAUTION: Avoid contact with eyes, and skin. Do not mix with toilet bowl cleaner, rust remover, household ammonia or acids.

FIRST AID INSTRUCTIONS: If swallowed, give a glass of milk. If splashed in eyes or on skin, flush thoroughly with water. Call physician and/or poison control centre immediately.

STORAGE: Keep out of sunlight and store in a cool place. Do not store in trunk of car for extended period. Do not store in food processing or food storage areas.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions. AVOID CONTAMINATION OF FOOD.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
