PRECAUTIONS: Causes eye and skin irritation. Do not get into eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Call a physician immediately.

ECOLOGICAL: This pesticide is toxic to fish. Do not apply in marine and/or estuarine oil fields. Do not contaminate water by cleaning of container and equipment or disposal of wastes. Do not discharge treated effluent into lakes, streams, ponds or public waters unless in accordance with local regulations. Do not reuse empty container. Send drum to reconditioner or destroy by

perforating or crushing and bury in a safe place.

DIRECTIONS FOR USE SECONDARY AND TERTIARY PETROLEUM RECOVERY.  
BETZ41-J10 is highly effective microbiocide for use in controlling the growth of fungi and bacteria found in secondary and tertiary oil recovery water flood systems.

BETZ 41-J10 can be injected directly from the shipping container. It should be thoroughly mixed into the produced water, fresh or salt water or commingled water of the secondary or tertiary oil recovery waterflood systems for effective microorganism control. It may also be diluted with water for injection.

BETZ 41-J10 is used at the rate of 30 litres per 1000 cubic metres of water growth inhibition of Bacillus cereus and Desulfovibrio desulfuricans and 250-450 litres per 1000 cubic metres of water for Pseudomonas fluorescens. It is also effective against many fungi such as Aspergillus, Pennicillium and Trichoderma at the rate of 30 litres per 1000 cubic metres of water.

FOR INDUSTRIAL USE ONLY: Technical advice regarding specific site problems available from BETZ.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

KEEP CONTAINER COVERED - PROTECT FROM FREEZING  
STORE IN A DRY PLACE - DO NOT STORE AT ELEVATED TEMPERATURES
