NET CONTENTS: 1 Prebaited Mouse Bait Station with Tomcat Ultra Block Bait (28 g)

Manufactured by: Motomco Ltd., ~~P.O. Box 8422, Madison, WI 53708 USA~~
Tel: 608-241-0202 3699 Kinsman Blvd., Madison WI 53704 USA

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN, PETS AND LIVESTOCK. May be harmful or fatal if swallowed or absorbed through the skin. Rubber gloves must be worn when handling product and when disposing of dead rodents, unconsumed bait and empty containers. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Wash skin thoroughly with soap and water after handling. Wash contaminated clothing, separately from other laundry, with soap and water before reuse. KEEP AWAY FROM FEED AND FOODSTUFFS.

FIRST AID: If in eyes, flush with water for 15 minutes. If on skin, wash with soap and water. If swallowed, give patient one or two glasses of water and INDUCE VOMITING by touching back of throat with a finger or blunt object; repeat until vomit fluid is clear.

Do not induce vomiting or give anything by mouth to an unconscious person. For all cases of human ingestion, immediately notify a physician or Poison Control Centre. If a pet or livestock poisoning is suspected, immediately contact a veterinarian. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Vitamin K₁ in the form of intramuscular or subcutaneous injections, or by oral ingestion are suggested remedial treatments for anticoagulant poisoning. The severity of the case measured by establishing prolonged prothrombin times (P. T.) will determine appropriate therapy. Monitoring P. T. will indicate the necessity of repeated treatments.

ENVIRONMENTAL HAZARDS: This product is toxic to fish and wildlife. Keep out of lakes, streams or ponds.

DIRECTIONS FOR USE: Use Tomcat Ultra Prebaited to control the House mouse (*Mus musculus*) indoors and against the outside walls of buildings.

USE LIMITATIONS: Bait MUST either be placed in tamper-resistant bait stations or in locations not accessible to children, pets or livestock. DO NOT place bait in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food.

SELECTION OF TREATMENT AREAS: Determine areas where mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, beside burrows, or in corners and concealed places.

APPLICATION DIRECTIONS:

HOUSE MICE: Place bait station at intervals of 2.5 to 3 meters along walls or in corners where mice live or travel. The bait station can be secured to the floor with a screw or double-sided tape. When bait is consumed, replace with one Tomcat Ultra Block Bait (Reg. No. 27189)

TO REFILL: (See illustrations) 1. Fully insert 2-pronged key in holes on top of Tomcat Ultra Prebaited. 2. Bend key away from station. 3. Gently lift up. 4. Place one Tomcat Ultra Block Bait in the triangular area next to the hinge. 5. Close lid until it snaps securely. Repeat steps for easy rebaiting.

To prevent reinfestation, eliminate food, water and harborage as much as possible. If reinfestation does occur, repeat treatment.

DISPOSAL: When finished with station, dispose of empty container by placing in household garbage.

Rodent Disposal: Dispose of dead rodents in garbage or by burying.

STORAGE: Store in cool, dry place away from other chemicals and food or feed. Store product not in use, in original container, in a secure location inaccessible to children and non-target animals.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on this label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
