COSAN

171-S

A PAINT PRESERVATIVE AND FUNGICIDE SOLUTION

INDUSTRIAL

GUARANTEE:
Phenylmercury Acetate 2-ethylhexyl maleate........25%
(10% mercury by weight)

REGISTRATION NO. 15604
PEST CONTROL PRODUCTS ACT
DANGER POISON

NET CONTENTS: 226.80 kg

COSAN CHEMICAL (CANADA) LIMITED
299 STATION STREET
BELLEVILLE, ONTARIO
K8N 2T9

FOR MANUFACTURING USE:

As an in-can preservative in emulsion paint systems and as a
fungicide in water- and oil-based paints and coatings used for
exterior application. Do not use in paints containing lithipone
- effectiveness destroyed by sulfide pigments. Do not use as a
fungicide in water- and oil-based paints for interior
applications.

NOTE: Products containing this additive are not to be used in
areas where food is stored, handled or processed. Do not use in
greenhouse paints and marine antifouling paints.

DIRECTIONS FOR USE:

A.   For PACKAGE STABILITY of most aqueous systems including
      paints resin emulsions, CARBOHYDRATE thickener solutions,
      etc., use a minimum of 0.05% of COSAN 171-S based on weight
      of composition to be protected.

B.   For all PROTEIN colloids and systems containing PROTEIN
      colloids, use a minimum of 0.07% to 0.10% of COSAN 171-S
      based on weight of composition to be protected.

C.   For exterior applications only, use 4 - 10 kg of COSAN 171-S
     per 1000 litres of formulation to obtain MILDEW RESISTANCE
     of most dry films.

In the finished paint, when the mildew resistance level of COSAN
171-S is used, can stability is automatically assured.

CAUTION: Keep out of reach of children. Do not store near food
or feed. Causes severe eye and skin damage. Do not get in eyes,
on skin or clothing. MAY BE HARMFUL OR FATAL IF SWALLOWED OR
ABSORBED THROUGH SKIN. May produce delayed chemical burns. When
using this product, long rubber gloves and safety goggles should
be worn. This product is toxic to fish, birds, and other
wildlife. Do not contaminate waters by cleaning of equipment or
disposal of wastes.

FIRST AID:

IF SWALLOWED: Give milk or white of egg beaten with water and
repeat until vomit fluid is clear. Repeat milk or white of egg
beaten with water. If vomiting does not occur, induce vomiting
by gagging the victim with a finger or blunt object placed on the
back of the victim's tongue. Do not induce vomiting or give
anything by mouth to an unconscious person. CALL A PHYSICIAN
IMMEDIATELY.

IF ON SKIN: Immediately remove contaminated clothing. Wash
immediately with soap and warm water.

IF IN EYES: Flush with water for at least 15 minutes and get
medical attention.

DRUM DISPOSAL:

PROHIBITIONS: Do not contaminate water, food or feed by storage
or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL:
Pesticide, spray mix, or rinsate that cannot be used or
chemically re-processed should be disposed of according to
procedures approved by Federal, Provincial or Local Disposal
Authorities.

CONTAINER DISPOSAL:
(a) Reseal container and offer for reconditioning or (b) Triple
rinse (or equivalent) and: Offer for recycling, reconditioning or
disposal in approved landfill, or bury in a safe place.

GENERAL:
Consult Federal, Provincial or Local Disposal Authorities for
approved, alternative procedure.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER:
Seller's guarantee shall be limited to the terms set out on thelabel and subject thereto the buyer assumes the risk to persons or property arising form the use or handling of this product and accepts the product on that condition.
