**FOR INDUSTRIAL AND INSTITUTIONAL USE**

**KEEP FROM FREEZING**

J-Clean is a biodegradable, silicate-buffered cleaner -  
maintainer for all washable surfaces. J-Clean works well in  
cold, hard water but hot will increase its effectiveness.

J-Clean contains an effective germicide that disinfects, deodorizes and sanitizes at recommended dilutions.

**DIRECTIONS:** For most soils on most surfaces - mix a 1 to 40 dilution.

**FOR EXTRA HEAVY SOIL:** Strengthen solution up to a 1 to 20 mix.

**TO DISINFECT:** J-Clean is effective against a wide spectrum of microorganisms and has passed the A.O.A.C. Use Dilution Test for Germicides. Mix 1 part cleaner to 10 parts water.

**TO SANITIZE/DEODORIZE:** J-Clean is a highly effective sanitizer at all dilutions up to 1 part cleaner to 100 parts water.

Ideal for food processing areas and equipment when rinsed with potable (drinking) water.

Floors that are being prepared for finishing with a floor finish must be rinsed.

**CAUTION:** Avoid eye contact with diluted or undiluted product. Avoid contact of undiluted product with the skin.

**FIRST AID TREATMENT:** In case such contact with eyes or skin, wash thoroughly with water. If irritation persists, get medical attention.

**NOTICE TO USER:** This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
