1 Teaspoon = 5 mL
1m = approx. 1 long pace

1 Tablespoon = 15 mL
100 m² = 10m x 10m

DIRECTIONS:

Later's Bugban - C Lawn Insect Spray is specially formulated to control grubs and insects that infest and destroy Lawns, Ornamental Trees and Shrubs. Spray when grubs are actively feeding. The presence of grubs, feeding on grassroots can be detected when brown patches appear in the lawn. Simply lift sod and check. Do not make more than 2 applications per season.

HOW TO USE:

IN LAWNS:			
European Chafer Larvae, Japanese Beetle Larvae	Crane Fly larvae (Leatherjackets) Sod Webworms	Chinch Bugs White Grubs	Ants Mosquitoes

To control White Grubs, European Chafer - and Japanese Beetle larvae, mix 200 mL of this product with 10 L of water and apply to 100 m² of lawn. Spray in July or August when grubs are small and near soil surface. To control Leatherjackets, Ants, Chinch Bugs, Mosquitoes and Sod Webworms, mix 100 mL of this product with 10 L of water and apply to 100 m² of lawn. For Ants spray nests and surrounding areas. For Chinch Bugs and Sod Webworms, wet lawn before applying, then delay watering or mowing for 12 to 24 hours. For Leatherjackets, apply mixture as a drench in fall (early October) after the flight of adult Crane Flies has ceased for the year or in early spring when grubs start feeding on grassroots.

ORNAMENTAL SHRUBS AND BUSHES:			
European Chafer Larvae, Japanese Beetle Larvae, Ash & Lilac Borer, White Grubs	Sowbugs, Spiders, Ants Earwigs	Aphids, Mites Scales Mealybugs Thrips	Crickets Cutworms Spittlebugs Whiteflies

Mix 10 mL of this product with 1 L of water and spray leaves or apply to 10 m² of soil. Spray leaves to give uniform coverage.

NOTE: Do not use on Azaleas, Coleus, Geraniums, Oxalis, Poinsettias, Roses or Variegated Ivy.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Keep children and pets off treated areas, at least until spray has dried. Cats are especially sensitive to chlorpyrifos. Do not allow spray to contact food, food preparing surfaces, utensils, or drinking water. Wash contaminated surfaces with soap and water. May cause irritation to eyes or skin. Avoid contact. Avoid inhaling spray. Wash thoroughly with soap and water after using.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Avoid contamination of fish ponds. Do not use in poultry houses or other animal buildings.

FIRST AID: If swallowed, do not induce vomiting. Contains petroleum distillate solvent. Seek medical attention. IF IN EYES, flush with water for 15 minutes and get medical attention. IF ON SKIN, remove contaminated clothing and wash skin thoroughly with soap and water.

TOXICOLOGICAL INFORMATION: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

STORAGE: Keep product in original container. Store in a cool, dry place away from food.

DISPOSAL: Do not re-use container. Rinse thoroughly and use rinse water with regular spray. Wrap container and dispose of in regular garbage.

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
