## DIRECTIONS FOR USE

To be used in the manufacture of insecticide sprays which are registered under the Pest Control Products Act. Read technical bulletin for formulation details.

PRECAUTIONS: Harmful if swallowed. Do not induce vomiting because of aspiration hazard. Get medical attention immediately. Avoid inhalation of vapors. Avoid contact with skin and eyes. Avoid contamination of food and feedstuffs.

This product is toxic to fish and other aquatic animals. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: If splashed on skin wash with soap and water. If in eyes rinse with plenty of clean water. If irritation develops or persists, seek medical attention. If ingested do not induce vomiting because of aspiration hazard, get medical attention immediately.

DISPOSAL & DECONTAMINATION: Rinse the empty container thoroughly and add the rinsings to the formulation tank. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reuse. If required, make the empty container unsuitable for further use by crushing and dispose in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the clean up of spills, contact the regional office of Conservation and Protection, Environment Canada.

STORAGE: Keep container closed. Mix well in drum before sampling and each use. Store in a cool, dry place. Do not store, pour or spill near heat or open flame.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
