CLEAR WOOD PRESERVATIVE

A clear preservative that can be top coated with stains, paints or varnishes. For use on clean dry surfaces such as wood and industrial fabric. Effective for prevention of fungus growth. Dry treated lumber, after the solvent has evaporated, can be used for garden lumber, green houses, etc. Do not apply to wood in contact with food crops.

Directions

For exterior use only. Not for use in dwellings. Do not apply to wood or fabric or any surface where prolonged skin contact may occur, or on any surface which may come into contact with food, feed or drinking water. Wood surface to be treated should be dry and clean. Remove all paint, varnish, wax or any other coating that may prevent penetration. Use as supplied - do not dilute. Apply by brush only. Do not spray or dip. Allow to dry thoroughly before painting or re-coating.

For above ground use only. Harmful to plant life when wet. Allow to dry thoroughly before permitting contact. Clean equipment (brushes, trays, etc.) with mineral spirits, then with detergent and water. For use only on exterior industrial fabric, duck cloth, awnings, etc. Do not use on rubber lined fabric. Apply by brush or swab only.

PRECAUTIONS:

Keep out of reach of children. Flammable. Do not use or store near open flame or spark or in areas subject to excessive heat. Keep container closed when not in use. Avoid breathing vapours. Harmful if swallowed or inhaled. Use only under well ventilated conditions. May cause skin irritation. Avoid skin contact. Wear rubber or plastic gloves and appropriate covering clothing when applying this product. Wash thoroughly after use with soap and water before eating or smoking. Do not contaminate bodies of water. This product is toxic to fish.

FIRST AID

If swallowed, do not induce vomiting. Call physician immediately. If splashed in eyes, flush with clean water for 15 minutes and contact a physician. In case of skin contact, remove the product from the skin promptly by washing with vegetable oil or hand degreaser and then with soap and water.

TOXICOLOGICAL INFORMATION

CONTAINS PETROLEUM DISTILLATE AND ZINC NAPHTHENATE.
TREAT AS FOR INGESTION OF KEROSENE.

DISPOSAL AND STORAGE

Do not reuse empty container. Dispose of empty container in household trash. Store unused product out of reach of children or animals. Dispose of unused product in accordance with local regulations.
