AVANT
GUARD®

Flea & Tick Shampoo for Dogs

DIRECTIONS: Wet dog thoroughly. Avoiding eyes and mouth, apply **Avant Guard Flea & Tick Shampoo for Dogs,** working lather down to skin, starting at the head and working back, until entire body is covered with lather. Do not treat eyes, mouth or genitals. Allow foam to remain for 5-10 minutes. Rinse well and dry. Repeat as necessary. For effective flea and tick control, treatment of the pet must be combined with the cleanup and sanitation of any area used by the pet. Vacuum floors, carpets, furniture, etc. (discard vacuum bag after use) and wash the pet's bedding, living quarters, and surrounding areas.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Do not contaminate food or feed. Keep away from animal's eyes, mouth and genitals. Wash hands after use. Consult a veterinarian before using on pregnant animals, sick animals, or animals under drug or other pesticide treatment. Do not use on nursing animals or animals under 8 weeks of age. Discontinue use if adverse effects are observed or if animal develops dermal irritation.

DISPOSAL: Do not reuse container. Wrap and dispose of empty container with household garbage.

FIRST AID: If in eyes or on skin, flush with clean water. If irritation persists, obtain medical attention. If accidentally swallowed, obtain medical attention at once.
