DIRECTIONS FOR USE: To be used only in the manufacture, formulating, repacking or repouring of a pest control product solely for export from Canada. Read Technical Bulletin for formulating details.

PRECAUTIONS: WARNING: Causes eye and skin irritation. May cause dermal sensitization. Do not get on skin, in eyes or on clothing. Avoid breathing vapors or spray mist. Wear chemical-resistant gloves when handling the concentrate.

ENVIRONMENTAL HAZARDS: Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public water. Do not discharge effluent containing this product to sewer systems.

FIRST AID: In case of skin contact, wash with plenty of soap and water. If irritation persists, seek medical attention. If in eyes, flush with plenty of water and seek medical attention if irritation persists. If breathed in move person to fresh air. If ingested, administer water and call a physician or poison control center immediately. Do not induce vomiting.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

STORAGE: Keep in original container during storage. Store in a cool, dry place away from seed, feed, fertilizers or other pesticides.

DISPOSAL: Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the provincial regulatory agency.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label.
