KILLS: FLEAS, EARWIGS, SPIDERS, CARPET BEETLES, SOWBUGS, ANTS,
MILLIPEDES, SILVERFISH, COCKROACHES, CRICKETS, AMERICAN BROWN DOG
TICKS.

FOR USE AS A SPOT OR CRACK AND CREVICE TREATMENT TO CONTROL

INSECTS.

INDOOR USE: Thoroughly treat cracks, crevices, baseboards, underneath furniture and equipment, around garbage containers, localized areas of floors and floor coverings (spot treatment only) where insects habitat.

OUTDOOR USE: Spray outside surfaces of screens, doors, window frames, foundations, patios, light fixtures and other places where insects may alight, or congregate and enter.

DIRECTIONS: SHAKE CONTAINER WELL. Hold container approximately 30 cm from surface being sprayed and spray until wet. Thorough applications produce a coating which will vapourize into cracks and crevices for insect control. If reinfestations occur, repeat applications. PROVIDE ADEQUATE VENTILATION AFTER INDOOR USE. KEEP PETS AND CHILDREN AWAY FROM SURFACE UNTIL DRY.

PRECAUTION: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Do not place in hot water or near radiators, stove or other sources of heat, or store at temperatures over 50 deg C. Do not spray near open flame or spark. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. DO NOT USE ON HUMANS, PLANTS, ANIMALS, FOODSTUFF, FOOD UTENSILS, FISHBOWLS OR ANIMAL FEED AREAS. DO NOT USE AS A SPACE SPRAY. DO NOT CONTAMINATE FOODSTUFFS. Do not use in any area where food may be exposed. Do not use in bulk food storage areas. Do not use in cupboards where food or cooking utensils are stored. In home or dwellings, remove or cover all exposed food and cooking utensils before spraying. Thoroughly wash all surfaces that might contact food before re-use.

FIRST AID TREATMENT: Contains volatile petroleum distillate. If swallowed, do not induce vomiting. Call physician immediately. Chlorpyrifos is a cholinesterase inhibitor. Atropine is antidotal. In case of contact with the skin, wash with soap and water. If in eyes, flush with water for 15 minutes, get medical attention.

DISPOSAL: When container is empty, press button to release all pressure, then dispose of in household garbage. Do not puncture or incinerate.
