NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

DIRECTIONS FOR USE

As a sanitizing rinse for dairies, restaurants and food handling equipment: dilute 2 mL/litre with water. Clean area or object with a suitable detergent, rinse well, then rinse in Q4 solution and air dry. To disinfect and deodorize floors, wall fixtures and other hard surfaces, dilute 4 mL/litre with water. Clean area with detergent, rinse, then wash with Q4 solution. For hospital

area disinfection, a dilution of 8 mL/litre is recommended. To deodorize garbage pails or rest rooms, use a 9 mL/litre dilution.

FIRST AID

In case of contact with skin or eyes, give prolonged irrigation with water. In case of ingestion, wash out the mouth thoroughly with water and give water to drink. In all cases obtain medical attention.

PRECAUTIONS

Eye and skin irritant. Avoid ingestion, inhalation, and contact with skin, eyes, and clothing. Where there is a risk of contact, wear protective clothing. Avoid contact with metals. Store away from oxidizing materials, heat, ignition sources, food and food containers.

DISPOSAL

Rinse the emptied container thoroughly and add the rinsings to the system. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Regional office of Environmental Protection, Environment Canada.
