READ THE LABEL BEFORE USING

DIRECTIONS: Mix fresh solution. Made of selected soaps that have contact insecticidal properties. Insects must be sprayed directly to achieve proper control. Mix one part concentrate to 50 parts water, or 10 mL per 500 mL. For aphids, mealybugs, spider mites and whitefly, apply weekly for 2-3 weeks and thereafter repeat as required. For other insects, apply when they occur and repeat as needed.

PRECAUTIONS: Concentrated soap may cause eye irritation. Avoid eye contact. May cause skin irritation. Do not use on sweet peas, nasturtiums or delicate ferns. Wash fruits and vegetables

before using.

FIRST AID: If in eyes wash with plenty of water. If concentrate on skin, rinse with water.

The active ingredients in this pesticide are specially selected soaps. No other pesticides are added.
