READ LABEL BEFORE USING

READ THE MSDS.

**DIRECTIONS**

For disinfecting dilutions of 20 mL/L of water are sufficient for routine applications. Allow a contact period of 10 minutes. Do not use in food handling areas. Care should be taken to avoid masking odors caused from insanitary conditions. When diluted with water, a milky-white emulsion is formed which does not separate and thus becomes a powerful disinfectant. It not only disinfects but deodorizes all in one operation and contains effective cleaning agents, leaving behind a refreshingly fragrant pine odor.

### **USES**

Floors, walls, basements, sinks, bathrooms, urinals, toilets, out houses, garbage pails, as a deodorant and cleaner.

**PRECAUTIONS:** Keep out of reach of children.

Danger: Corrosive to eyes.

This germicide may cause skin irritation or damage to the eyes. Harmful if swallowed. Avoid contact with skin and eyes. Avoid contamination of food.

### **FIRST AID**

Contains pine oil. Do not induce vomiting. In case of contact immediately flush eyes with plenty of water for at least 15 minutes and call a doctor. If swallowed drink promptly a large quantity of milk. Nothing should be administered to an unconscious person.

**NOTICE TO USER:** This control product is to be use only in accordance with the directions on this label. It is an offence under the pest control products act to use a control product under unsafe
