## DIRECTIONS FOR USE

Water Dilutable Concentrate for Use in Households, Food Processing Plants, Restaurants, Industrial Buildings: schools, warehouses, offices, theatres, garages, hotels, motels, hospitals, kennels, horse barns, dairy barns and other listed animal areas.

SPACE SPRAY TO KILL HOUSEFLIES, MOSQUITOES, GNATS AND FLYING MOTHS: Dilute three parts of concentrate with 97 parts water. Mix thoroughly until a uniform, clear emulsion forms. Mist all parts of the room or area at a dosage of 30 mL of diluted spray per 300 cubic metres of space. Do not remain in treated area. Ventilate the area after treatment is complete. Repeat as needed.

CONTACT SPRAY TO KILL COCKROACHES, CRICKETS AND THE EXPOSED FORMS OF CRAWLING GRAIN PESTS: Dilute four parts of concentrate with 96 parts of water. Mix thoroughly until a uniform, clear emulsion forms. For cockroaches and crickets, apply as a coarse spray to all cracks and crevices in woodwork, underneath sinks, dark places behind pipes and all places where these insects nest, contacting as many insects as possible with the spray. Repeat applications as often as necessary. For grain weevils, cadelles, grain moths, flour beetles and grain mites, apply as a coarse spray to all infested surfaces, insect hiding places and insect runways at the rate of 3.8 litres of diluted spray on 225 square metres of area. Repeat as necessary.

FOR USE IN HORSE BARN, DAIRY BARN AND HOG BARN, KENNELS AND OTHER FARM STRUCTURES OR BUILDING HOUSING ANIMALS:

TO KILL HOUSEFLIES, HORN FLIES, STABLE FLIES, HORSE FLIES, MOSQUITOES, AND GNATS: Add concentrate to tank and add water to obtain desired dilution. Mix well. Dispense diluted concentrate through automatic spraying system. Set nozzles to deliver 30 mL liquid per minute. Locate nozzles to cover maximum 600 cubic metres of space. Set timer to operate two three-minute cycles per 24 hours.

Dilute CLEARMOL Concentrate 6643 just prior to use as follows:

0.10% Pyrethrins - Add 4 parts Concentrate to 96 parts water.

0.50% Pyrethrins - Add 20 parts Concentrate to 80 parts water. Use this rate when pest populations are very high or when the maintenance rate does not provide adequate control.

PRECAUTIONS: May causes eye injury. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Wear goggles, face shield or safety glasses when mixing or pouring. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

Do not apply directly to food. Cover or remove all food and food processing equipment during application. Do not apply space sprays while food processing is underway. After spraying in food handling facilities, all equipment or surfaces that may come into contact with food should be washed with an effective cleaning compound followed by a potable water rinse.

Do not apply directly to food, water or feed supplements. Wash teats of dairy animals before milking.

This product is toxic to fish and other wildlife. Do not apply directly to any body of water. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment or disposal of wastes.

FIRST AID: In case of contact immediately flush eyes or skin with plenty of water. Obtain medical attention if irritation persists. Wash contaminated clothing with warm water and soap before reuse. If swallowed do not induce vomiting because of aspiration hazard. Contains petroleum distillate. Call a physician immediately.

DISPOSAL & DECONTAMINATION: Rinse the emptied container thoroughly and add rinsing mix to the spray tank. Follow provincial instructions for any required additional cleaning to the container prior to its disposal. Make the emptied container unsuitable for further use and dispose in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

STORAGE: Keep container closed. Mix well in drum before sampling and each use. Store in a cool, dry place. Do not store, pour or spill near heat or open flame.

NOTICE TO USER: This Control Product is to be used only in

accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
