DIRECTION:

Add directly to the pool water. For initial treatment to destroy or kill algae growth, use at a rate of 500 mL/10,000 L. Remove dead algae. For maintenance or prevention of growth in an algae free pool, use at a rate of 125 mL. Repeat every 5 to 7 days.

CAUTION:

Keep out of reach of children. Harmful or fatal if swallowed. Causes skin irritation and eye damage. Avoid contact with skin, eyes and clothing. Avoid contamination of food. Do not mix other pool chemicals. Do not reuse empty container.

FIRST AID:

If splashed on skin or in eyes, rinse immediately with large volumes of water. If irritation persists, get medical attention. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water.

Do not induce vomiting.
