FIRST AID:

IF SWALLOWED, DO NOT induce vomiting. This product contains a petroleum distillate. Get medical attention immediately or contact a poison control centre.

If patient is unconscious, give air.

IF ON SKIN, wash material off with plenty of soap and water. If redness, itching or a burning sensation develops, get medical attention. Wash contaminated clothing and decontaminate footwear

before reuse.

IF IN EYES, immediately flush with plenty of water for at least 15 minutes. If redness, itching or a burning sensation develops, have eyes examined and treated by medical personnel.

IF INHALED, remove person to fresh air. If a cough or other respiratory symptoms develop consult medical personnel.

Never give anything by mouth to an unconscious person. Remove victim to a safe, uncontaminated area. If victim has ceased breathing, clear airway and start artificial respiration. Obtain medical attention. Take container or label or the product name and product registration number with you to emergency/hospital or physician or contact a poison control centre.

#### GENERAL INFORMATION:

Canplus(R) 411 is a blend of a surfactant and a superior type agricultural spray oil designed for use with ASSURE(R) herbicide.

#### DIRECTIONS FOR USE WITH ASSURE(R) HERBICIDE

Apply the necessary rate of ASSURE(R) with CANPLUS(R) 411 at 5-10 litres per 1000 litres of spray volume. See the ASSURE(R) label for recommended use rates and tank mix directions. Follow all label precautions.

#### MIXING INSTRUCTIONS WITH ASSURE(R) HERBICIDE

1. Make sure that spray tank is thoroughly cleaned before mixing.
2. Fill tank half full with water. Keep agitator running.
3. If tank mixing ASSURE(R) with MUSTER(R), add the required amount of MUSTER(R) to the tank with the agitator running. Ensure that the herbicide is completely mixed before proceeding to the next mixing step.
4. Add the required amount of ASSURE(R) to the half-full tank with the agitator running.
5. After the ASSURE(R) has been well mixed, SLOWLY add the required amount of CANPLUS(R) 411 to the tank with the agitator running.
6. Add the rest of the required water to the tank. Mix well before applying to the crop.

On repeat tank loads, ensure that the amount of spray solution left in the tank from the previous load is less than 10% of volume about to be mixed.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the spray mixture in the tank.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
