AVOID FREEZING / EVITER LE GEL

COURTAULDS COATINGS

**NOTICE TO USER:** This control product is to be used only in accordance with the directions on the labels. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

**ENVIRONMENTAL HAZARDS:** Toxic to aquatic organisms. Do not contaminate water by spillage, overspray, cleaning of equipment or disposal of wastes. Do not allow chips or dust generated during paint removal to enter water.

**DISPOSAL:** Dispose of empty containers and paint debris in accordance with provincial requirements. For information on disposal of unused or unwanted product and the cleanup of spills, contact the regional office of Environment Canada.

**PRECAUTIONS:** Keep away from heat, sparks and flame. Vapours heavier than air cause health and explosion hazards. Keep containers tightly closed when not in use. Avoid contact with eyes, skin and clothing. Do not breathe vapours or spray mist. Use an air-fed respirator with a full face mask during handling and applying. Wear chemical resistant gloves, goggles and footwear and chemical resistant clothing including hood or hat at all times during handling and applying.

Keep out of reach of children. Handle with care and mix only in a closed container. When using do not eat, drink or smoke. Take a shower immediately after work. Wear freshly laundered clothes daily. Wash hands and face before eating, drinking, smoking and using the toilet. Store and wash all protective clothing separately from household laundry. Wash protective clothing in detergent and hot water before reuse. Use only in well ventilated areas.

**FIRST AID:**

**EYES:** Flush immediately with water for 15 minutes. See a doctor.

**SKIN:** Wash affected areas with soap and water. If irritation

persists, see a doctor.

INHALATION: Remove to fresh air. Aid breathing. See a doctor at once.

INGESTION: Do not induce vomiting. See a doctor at once.

TOXICOLOGICAL INFORMATION: Ingestion (drinking) of this product could cause serious injury or death. There is no antidote for solvent ingestion.

DIRECTIONS FOR USE: Large vessels, i.e. over 25m, must be treated by trained applicators. Allow at least 24 hours dry before immersion.
