AQUA CLEAR is used to control the growth of algae in swimming pools, heated swimming pools, exterior whirlpools and hot baths.

DIRECTIONS FOR USE

For maximum effectiveness of AQUA CLEAR in swimming pools, heated swimming pools, exterior whirlpools and hot baths, those with heavy growths of algae should be cleaned prior to using AQUA CLEAR. For pools having just visible algae growth, add an initial dose of 450 - 750 mL of AQUA CLEAR per 10,000 L of water and remove settled algae debris by cleaning. For treatment of freshly cleaned and filled pool, and initially 300 - 450 mL of AQUA CLEAR per 10,000 L of water. To maintain pools free of visible algae growth, subsequent additions of 90 to 180 mL of AQUA CLEAR per 10,000 L of water should be made every 5 to 7 days after the initial treatment.

Uniform distribution of AQUA CLEAR throughout the water in the pool is necessary for maximum effectiveness. AQUA CLEAR is compatible with those chemicals normally used to treat pools and is effective at both acid and alkaline pH. AQUA CLEAR can be used in pools treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix

AQUA CLEAR with concentrated dry or liquid chlorine products.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed.

Avoid breathing vapours.

Avoid contact with skin, eyes, or clothing.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams, or ponds. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container. Pesticide, spray mixture, or rinsate that cannot be used or chemically reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies.

First Aid: If swallowed, drink promptly a large quantity of milk or if this is not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
