DANGER

POISON CORROSIVE TO EYES

C.C.T. Consultants Chimiques et Techniques Inc. (les)
659, rue Maisonneuve, Répentigny, Québec J6A 6J3

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water, food, or feed by storage or disposal.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

DIRECTIONS FOR USE

COOLING WATER SYSTEMS: For the control of algae, bacteria, and fungi in Commercial and Industrial cooling water systems, add FORMULE TEGAL 673 as follows:

Initial dose: 20-120 mL per 1,000 L water in the system.
Maintenance dose: Every 1 to 5 days or as needed, 6.4 - 40 mL per 1,000 L of water in the system.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environment Canada.
5. For small spills, recover free liquid. Soak up residue with solids absorbant. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.

PRECAUTION

KEEP OUT OF REACH OF CHILDREN

DANGER: Corrosive, causes eye and skin damage. Skin sensitizer. Harmful if swallowed. Workmen handling the product should wear chemical resistant gloves, safety glasses or face shield and body-protective clothing and shoes. Contact of the product with eyes, skin or clothing should be avoided. Keep the container closed when not in use. Do not reuse the container. Destroy when empty.

FIRST AID:

Eye exposure: Flush with clean, cool water for at least 15 minutes or longer till irritation subsides. See a physician if irritation occurs.

Skin exposure: Wash with a mild soap and water. See a physician if irritation occurs. Remove and wash contaminated clothing (including shoes) before reuse.

Inhalation: Use proper respiratory protection to immediately remove the affected person from exposure. Administer artificial respiration if breathing has stopped. Keep at rest. Get prompt medical attention.

Ingestion: DO NOT INDUCE VOMITING. Rinse mouth with copious amounts of water or milk, first. Irrigate the esophagus and dilute stomach contents by slowly giving one (1) or two (2) glasses water or milk. Avoid giving alcohol or alcohol related products. In cases where the individual is semi-comatose, comatose or convulsing, DO NOT GIVE FLUIDS BY MOUTH. In all cases, seek immediate medical assistance.

TOXICOLOGICAL INFORMATION: Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage.
