Bug Killer for Roses is for the control of chewing and sucking insects such as Aphids, Rose Chafers and Rose Leafhoppers. It is also a fungicide for control of Black Spot.

DIRECTIONS:

Lightly dust the pre-moistened or dew covered foliage on both sides of the leaves. Repeat at frequent intervals. For protection of bees, early morning or late evening dusting is recommended.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Avoid breathing dust, contact with eyes, contamination of food and feed; also streams and ponds as this product is poisonous to fish. Wash after handling and before eating, drinking or smoking.

FIRST AID:

If swallowed, induce vomiting, bring patient to hospital, taking labelled container. If in eyes, flush with water and get medical attention. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

DISPOSAL:

Do not re-use empty container. Wrap and dispose of empty container in household garbage.
