**DIRECTIONS:**

CO-OP Rose and Ornamental Insect Control is a fast acting short lived product. The nozzle on this container can be adjusted to spray a fine mist or a jet spray. Nozzle is closed when purchased. To open, depress button on nozzle and unscrew until the desired spray pattern is reached. The more the nozzle is unscrewed the coarser the spray pattern. When insects appear, apply a light spray on all plant parts - upper and lower leaf surfaces, stem and blossoms. Use with caution on young plants and new growth. Do not use on maiden hair ferns. Hold container upright while spraying. Insects must be contacted by spray to be killed. Do not use in direct sunlight or when temperature exceeds 30EC.
