RX 2000 is a one-step disinfectant cleaner that is effective against a broad spectrum of bacteria, is virucidal and

fungicidal. RX 2000 has been formulated to aid in the reduction of cross-contamination in institutions, schools and hospitals.

DIRECTIONS FOR USE

Apply RX 2000 to walls, and other hard (inanimate) nonporous surfaces such as tables, chairs, countertops, sinks, tile porcelain, and bedframes with a cloth, mop so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visibly dirty.

Disinfection - To disinfect hard, nonporous surfaces, add 17 mL/L of water. Treated surfaces must remain wet for 10 minutes. At this use-level, RX 2000 is also virucidal, fungicidal, and mildewstatic. At 9 mL/L RX 2000 will disinfect hard, nonporous surfaces schools, industry, and non-medical institutions.

AOAC Fungicidal Test - RX 2000 at 9 mL/L is an effective fungicide against Trichophyton mentagrophytes (the athlete's foot fungus) when used on areas such as locker rooms, shower and bath areas, exercise facilities, etc.

Mold and Mildew Control - At a 4 mL/L RX 2000 will effectively inhibit the growth of mold and mildew and the odours caused by them when applied to hard, nonporous surfaces. Allow to dry on surface and repeat when mildew growth returns.

Virucidal Performance* - At 9 mL/L use-level, RX 2000 was evaluated in the presence of 5% serum and found to be effective against the Influenza A/Brazil Virus on inanimate, nonporous, environmental surfaces.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. DANGER. CORROSIVE TO EYES. DO NOT GET IN EYES, ON SKIN, OR ON CLOTHING. HARMFUL IF SWALLOWED. AVOID CONTAMINATION OF FOOD.

FIRST AID

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

TOXICOLOGICAL INFORMATION

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DISPOSAL

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the Manufacturer.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
