DIRECTIONS FOR USE : To be used in the manufacture of insecticides which are registered under the pest control products act. This product is designed for use at 2.40% (wt.) with approved carriers and propellents to produce a pressurized insecticidal spray. Read technical bulletin for formulation details.

PRECAUTIONS : Harmful if swallowed, inhaled or absorbed through the skin. Avoid inhalation of vapours. Avoid contact with skin, eyes or clothing. Avoid contamination of food or feedstuffs.

FIRST AID : If swallowed, do not induce vomiting because of aspiration hazard. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the spray mixture in the tank.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environmental Protection, Environment Canada.

STORAGE : Keep container closed. Mix well in drum before sampling and each use. Store in a cool place. Do not store, pour or spill near heat or open flame. FLAMMABLE.

NOTICE TO USER : This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
