DIRECTIONS FOR USE: SHAKE WELL BEFORE USING. Hold can upright while spraying.

TO KILL HOUSE PESTS: *Flying Insects* – Flies, mosquitoes, wasps, gnats and flying moths: Close doors and windows. Direct mist upwards in sweeping motion to all parts of the room, especially windows and other light sources. Apply 6-10 second bursts per 30 m³ of space. Whenever possible, keep doors and windows closed for 15 minutes after each treatment. Also direct mist into areas where insects are present. Keep spray at least 1 m from interior wall, fabrics and furniture. *Crawling Insects* – Cockroaches, spiders, crickets, ants, carpet beetles, centipedes and silverfish: Spray hiding places such as baseboards, moist areas, openings around sinks, drains and pipes, behind cabinets and storage areas. Spray ant trails, around door sills, window frames, or in ant nests. Insects must be hit to be killed. *Bed Bugs* – Spray mattress, particularly around seams and tufts. Take beds apart, spray all joints. Repeat as required. *Fleas* – Spray sleeping quarters and resting areas of pets.

TO KILL GARDEN PESTS: Carefully spray with slow sweeping motion keeping 30 cm to 45 cm away from the plants to avoid wetting the foliage. A light spray kills pests effectively. Spray only when air is still and temperature is under 32⁰C. Do not spray in direct sunlight – early morning or evening preferred. Use with caution on young plants and new growth. Insects must be hit by spray to be killed. Upper and lower leaf surfaces should be treated. *Sucking Insects* – Exposed thrips, leafhoppers, spotted mites, lace bugs, aphids, whiteflies. *Chewing Insects* – Caterpillars, Climbing Cutworms, Japanese Beetles, Flea Beetles.

ON FLOWERS AND ORNAMENTALS: For insects on Asters, Azaleas, Begonias, Chrysanthemums, Dahlias, Delphiniums, Gladiolas, Irises, Marigolds, Petunias, Roses and Snapdragons, Evergreens, small Deciduous trees, Shrubs and Vines.

ON VEGETABLES: For insects on Cabbage, Carrots, Tomatoes, Potatoes, Broccoli, Onions, Cucumbers, Turnips, Lettuce, Squash, Fruit trees, Grapevines. NOTE: Do not spray fruits or vegetables within 3 days of picking. Wash fruit and vegetables before eating.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate container, or store at temperatures over 50⁰C. Cover fish bowls and remove pets for one hour when spraying rooms. In homes or dwellings, remove or cover all exposed foods and cooking utensils before spraying. Avoid contact with skin, eyes and clothing. Avoid inhalation of spray. Wash after using. Keep from freezing. Do not use on Maiden Hair Ferns.

FIRST AID:

IF SWALLOWED, consult a physician or poison control centre IMMEDIATELY.

IF IN EYES, flush with water for 15 minutes. If irritation persists, obtain medical attention.

IF ON SKIN, wash with soap and water.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

DISPOSAL: When container is empty, press button to release all pressure, then dispose in household garbage. Do not puncture or incinerate.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
