QUAVO PLUS is a concentrated germicidal detergent based on a unique blend of quaternary ammonium compounds. QUAVO PLUS disinfects, deodorizes and cleans. QUAVO PLUS is recommended for use in hospitals, nursing homes, schools, institutions, industries and food processing areas where soil and bacterial contamination are found.

WHERE AND HOW TO USE: QUAVO PLUS may be used on all inanimate objects that are washable with water. Floors, walls, furniture, porcelain, rubber, thermometers, lensed instruments, metals, paint, plastic tubing, basins, toilet seats, locker rooms and garbage pails. Apply by wiping, mopping or scrubbing, thoroughly wetting the surface with the recommended use dilution.

DIRECTIONS: For all types of cleaning and disinfecting: 13 mL of QUAVO PLUS per litre (1:80) of potable water.

At the above dilution (1:80) QUAVO PLUS is effective against *Staphylococcus aureus*, *Salmonella choleraesuis* and *Pseudomonas aeruginosa*. Germicidal performance against the above organisms has been confirmed by the A.O.A.C. use dilution test. Fungicidal performance against *Trichophyton mentagrophytes* was determined by the A.O.A.C. Fungicidal Test.

All the above A.O.A.C. use dilution confirmation tests of QUAVO PLUS were done in 200 p.p.m. of hard water.

WARNING: "Keep out of reach of children." Irritating to eyes and skin. Avoid contact with eyes, skin and clothing. Harmful if swallowed. Rubber or polyethylene gloves and eye goggles or face shield must be worn when handling concentrate.

CAUTION: Keep from freezing.

FIRST AID TREATMENT: Contains octyl decyl dimethyl ammonium chloride. If splashed in eyes or on skin flush thoroughly with water for at least 15 minutes. If swallowed drink three to four glasses of milk or water. DO NOT INDUCE VOMITING. CALL A PHYSICIAN IMMEDIATELY.

NOTICE TO USER: This product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a controlled product under unsafe conditions.
