DOMESTIC

195 g

CAUTION EXPLOSIVE

REG. NO. 17960 P.C.P. ACT

- KILLS FLEAS - KILLS TICKS - FAST ACTING - UNAFFECTED BY WATER -
- KILLS PESTS WHICH CAUSE ITCHING AND SCRATCHING

DIRECTIONS FOR USE: To kill fleas and ticks, thereby reducing incidence of itching and scratching, hold container 15-25 cm from the animal and spray lightly over the entire body. Do not spray in eyes or face of animal. For best penetration of spray to skin, direct spray against the natural lay of the hair to cause fluffing of the coat.

A repeat application may be required after 3-7 days. To be effective, flea and tick control must be combined with clean-up and sanitation of pet's living quarters. Vacuum carpets, wash

pet's bedding, quarters and surrounding areas to remove pests. Bedding may also be sprayed lightly until damp to help prevent infestation.

Disposal: Wrap empty container and put in household garbage.

PRECAUTIONARY STATEMENTS

Hazards to Human & Domestic Animals

CAUTION: Harmful if swallowed. Avoid inhalation of spray. Avoid spraying in eyes. Wash hands after use.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 55 deg Celsius may cause bursting.
