NOW with quick connect sprayer.

USE AND STORAGE DIRECTIONS FOR THE QUICK CONNECT SPRAYER:

1. Flip up (colour) spout on bottle cap. (Diagram)
2. Remove trigger sprayer from plastic bag and insert (colour) hose connector into (colour) spout on cap until it clicks in place.
3. Turn sprayer nozzle to open, and spray.
4. Adjust spray by turning nozzle to give a coarse spray.
5. Storage: After use, close nozzle on trigger sprayer and flip spout down to the "flat" position to close. No need to disconnect trigger sprayer.

CONTROLS: Dandelions, Plantains, Chickweed, Clover, Bedstraw, Black Medick, English Daisy, Curled Dock, Heal-all, Ground Ivy (Creeping Charlie), Knotweed, Ragweed, Shepherd's-Purse, plus over 35 other lawn weeds.

DIRECTIONS:

Apply when weeds are actively growing. Do not water for 24 hours. Rain within 6 hours reduces effectiveness. Spray acts within a few days and weeds gradually die. Grass fills in as weeds disappear. Some weeds may require up to 4 weeks for complete kill. Repeat in 3-4 weeks if necessary. For numerous weeds, spray overall with KILLEX(R) LIQUID.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. Harmful to some desirable plants. Avoid spraying flowers, shrubs, vegetable and fruit crops. Wash hands after use. Bent grass may be injured. Do not store near seeds, fertilizers, insecticides or fungicides. Keep from freezing.

Protective Clothing:

Wear long-sleeved shirt, long pants, socks and shoes.

Operator Use Precautions:

Wash hands before eating, drinking, using tobacco or using the toilet.

After treating, wash thoroughly.

If pesticide penetrates clothing, remove immediately; then wash contaminated skin thoroughly and shower. Launder contaminated clothing separately before re-use.

Re-entry Interval:

Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treated areas until spray has thoroughly dried.

FIRST AID:

If on skin, remove contaminated clothing and wash skin with soap and water. If in eyes, flush with plenty of water. Obtain medical attention. If swallowed, rinse mouth with water. Drink water to dilute. Call doctor or Poison Control Centre if symptoms of poisoning occur.

DISPOSAL:

Do not re-use empty container. Dispose of empty container in household garbage.

NOTICE TO BUYER:

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
