DISVAP EQUIN INSECTICIDE

DIRECTIONS:

HORSE SPRAY: To control stable flies, house flies, horse flies, mosquitoes and gnats: apply 30 - 60 mL per adult horse to wet the hair thoroughly paying particular attention to legs, flanks, back, trunk and other body areas commonly attacked by these flies. Repeat weekly or as needed.

To control face flies, horn flies, horse flies on horses. Apply to the face of the animal in the morning before releasing to pasture. Apply sufficiently to wet the face, but no more than 30 to 45 mL per horse. DO NOT spray in animal's eyes or mouth. Repeat daily as needed. To kill fleas on horses, and to protect against reinfestation, wet the animal by spraying. Repeat as necessary. DO NOT cover horses after treating.

SPACE SPRAY: To control house flies, stable flies, mosquitoes and gnats in stables and horse barns. Apply as a fog or fine mist, directing spray towards the ceiling and upper corners until the area is filled with mist, using about 60 mL per 30 m³ of space. For best results, close doors and windows before spraying, and keep them closed for 10 to 15 minutes. Vacate the area and ventilate before reentry. Repeat application as necessary.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Not for use on humans. Harmful if swallowed. Avoid contact with skin, eyes and clothing, and avoid inhalation of spray. Wear mask or respirator while fogging. Keep container closed. Wash after use. Do not remain in treated areas. Ensure proper ventilation after sealed areas have been treated. Any treated surface that may contact food or feed products should be washed thoroughly with potable water after spraying and before use. Cover milk and milk utensils to prevent contamination from spray and dead insects. Do not use in areas where beekeeping equipment or supplies are stored. Product toxic to fish. Do not contaminate any body of water.

STORAGE: Do not expose to temperature below 0 °C.

DISPOSAL: 1. Triple- or pressure rinse the empty container. Add the rinsings to the spray mixture in the tank. 2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

FIRST AID: If in eyes or on skin, flush with clean water, if irritation persists, obtain medical attention. If accidentally swallowed, contact a Poison Control Centre immediately, and get prompt medical attention. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION : Treat symptomatically.
