BACTERICIDAL - FUNGICIDAL - MILDEWICIDAL - VIRUCIDAL

Extensive laboratory testing confirms killing of a wide range of Gram Positive and Gram Negative bacteria; fungi; mildew; and viruses - Herpes Simplex (Type 1), Influenza A2 (Hong Kong), Vaccinia; Parainfluenza (Type 3), Canine Distemper and Feline

Pneumonitis when used at 12 mL per litre.

DIRECTIONS:

To clean, disinfect or deodorize all water-washable surfaces:
Use 1 part in 80 parts warm water (12 mL per L).

To disinfect heavily soiled surfaces: First clean using 1:80 hot water solution of 1492. Rinse the reapply 1492 at 1:80 dilution.

Where pseudomonas is suspected: Use 1 part in 40-50 parts warm water (20-25 mL per L).

To disinfect immersible items: Use 1 part in 80 parts of warm water (12 mL per L) and soak 10 minutes or longer. For metals, add 1 part Sodium Nitrite to 100 parts of useable solution.

IN FOOD PROCESSING PLANTS: Use as directed above. Keep away from direct contact with foodstuffs. Contains alkyl phenoxy polyethoxy ethanol. Food contact surfaces cleaned with this product must be thoroughly rinsed with potable water.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

Avoid contact with eyes. Do not take internally.

FIRST AID:

In case of contact with eyes, flush eyes with copious amounts of water for 15 minutes. Consult a physician immediately.

If swallowed, do not induce vomiting. Promptly drink large quantities of milk, egg whites, gelatin solution or water. Call physician or Poison Control Centre immediately.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory

Agency or the Manufacturer.

TOXICOLOGICAL INFORMATION:

Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

KEEP FROM FREEZING.

DO NOT STORE IN FOOD PROCESSING OR FOOD STORAGE AREAS.

LOT NO.
