Maag Agrochemicals Inc.
Kings Highway P.O. Box 6430
Vero Beach, FL 32961-6430 U.S.A.

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use of handling of this product on that condition.

DIRECTIONS FOR USE:

Effective concentrations of use levels range from 5.0 to 10.0% by weight of NYTEK X (0.09 to 0.18% by weight of copper) based on the finished weight of the paint. For adhesives, effective concentrations range from 0.15 to 5.0% by weight of NYTEK X (0.0027 to 0.09% by weight of copper) based on the finished weight of adhesive. For the treatment of wood, a homogeneous emulsion of NYTEK X should be prepared by adding 2.5 to 10% by weight (0.04 to 0.18% by weight of copper) to water with adequate stirring. Items to be treated can be dipped, sprayed or brushed to refusal. For incorporation into wood stain formulations, add 1.0 to 10.0% by weight of NYTEK X.

CAUTIONS:

Keep Out of Reach of Children.

Do not use pour, spill or store near heat or open flame.

Do not use in paints or adhesives or on wood items that may come in contact with food or feed. Avoid contact with eyes, skin and clothes. Wear Goggles and Rubber Gloves when handling.

FIRST AID:

If swallowed, drink 1 to 2 glasses of milk. Get medical attention. If splashed on skin, wash thoroughly with soap and water. If splashed in eyes, wash eyes immediately with copious amounts of water, and secure medical attention.

TOXICOLOGICAL INFORMATION:

NYTEK X is a mild skin and eye irritant. It imparts a greenish color to the skin or eyes, and is therefore easily identifiable. It will impart no permanent injury, but should be removed immediately to forestall irritation.

NOTICE TO USER:

This control product is to used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.
