SHAKE WELL BEFORE USING.

250 mL

Plant-Prod MITE ELIMINATOR is a miticide specifically for the  
control of mites on ornamentals and tomatoes both indoors and  
outdoors.

DIRECTIONS FOR USE: INDOORS: On houseplants, flowering plants,  
cucumbers, tomatoes, herbs.

OUTDOORS: On cucumbers, tomatoes, apples and pears, shrubs, flowers, vines, ground covers.

APPLICATION RATE:

INDOORS: Mix Plant-Prod ELIMINATOR at the rate of 18 mL per 5 litres of water. Mix thoroughly.

OUTDOORS: Mix Plant-Prod MITE ELIMINATOR at a rate of 50 mL per 5 litres of water. Mix thoroughly.

APPLICATION TIME: Apply Plant-Prod MITE ELIMINATOR when mites first appear. Related applications are necessary to break insect's life cycle. Apply every 7 to 10 days for three applications, then as required to maintain control. Do not apply to apples and pears within 14 days of harvest and to tomatoes and cucumbers within one week of harvest. Do not apply more than four times a season.

APPLICATION PROCEDURE: Plant-Prod MITE ELIMINATOR must be applied as a spray. Effective control will only result when the undersides of leaves are sprayed as this is where most mites are found. Spray all leaf surfaces to the point of runoff. Only those mites that are sprayed will be killed.

CAUTION: Avoid applications when plants are wilted or under stress (Newly transplanted cuttings) or during high temperatures (exceeding 32 deg Celsius) as plant damage may result.

GENERAL INFORMATION: Plant-Prod MITE ELIMINATOR is a contact-kill spray used for control of two spotted spider mites. Noticeable control will appear 48 hours or more after first application.

Mites reproduce every 5 to 7 days and thrive under hot, dry (low humidity) conditions. Maximum control can be gained by spraying before these conditions occur. Plant-Prod MITE ELIMINATOR is effective only for 24 hours mixed in solution.

PRECAUTIONS: Corrosive can cause eye damage and skin irritation. Harmful if swallowed. Avoid contamination of food. Avoid breathing spray mist.

FIRST AID: IN CASE OF CONTACT immediately flush eyes or skin with plenty of water. If irritation persists or develops get medical

attention. For eyes, call a physician. Remove contaminated clothing.

DISPOSAL INSTRUCTIONS: Dispose in normal household garbage. Keep out of reach of children.
