CANADA 1-800-463-3216 (24 HOURS)**

**CANUTEC : 1-613-996-6666 (24 Hr./H.)**

Notification Change

## **DIRECTIONS FOR USE:**

Acti-Plus 2818 is an effective agent for controlling algal, bacteria, and fungal slime in condensing and cooling equipment to which recirculating water is used as a cooling media. Acti-Plus 2818 can also be used to control bacterial and algal slime in decorative fountains and brewery pasteurizers.

**INDUSTRIAL AND COMMERCIAL RECIRCULATING WATER COOLING TOWER SYSTEMS:** Acti-Plus 2818 should be applied directly to the cooling water at any section of the system where sufficient mixing will occur. Acti-Plus 2818 should be applied to the cooling water to provide a total chlorine level of 2-4 ppm. The total chlorine level should be checked with a test kit and additional product should be applied until a reading of 2-4 ppm is obtained at the bleed-off point. Some systems may be maintained in satisfactory biological condition by applying this dosage once per day while others will respond better to dosages less than once per day.

**BREWERY PASTEURIZERS:** For control of bacteria and fungi in brewery pasteurizers, add 25-50 mL of Acti-Plus 2818 per 1,000 L of system water to achieve control. To maintain control, add sufficient Acti-Plus 2818 to maintain 2-4 ppm total chlorine throughout the system.

**PRECAUTIONS:**

**DANGER. CORROSIVE TO EYES AND SKIN. MAY BE HARMFUL OR FATAL IF SWALLOWED OR INHALED.** Do not get in eyes, on skin or on clothing. Wear goggles and a face shield, chemical-resistant gloves, long pants, a long-sleeved shirt, shoes and socks when handling this product. Remove and wash contaminated clothing before reuse. Wash thoroughly after handling.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to wildlife. This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product. Treated effluent should not be discharged where it will drain into lakes, streams, ponds or public waters. Do not contaminate water by cleaning of equipment or disposal of waters. Apply this product only as specified on this label.

**FIRST AID:**

If on skin, wash skin with soap and water for at least 15 minutes. If contact with eyes, flush with water and get immediate medical attention. If swallowed, do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately. If inhaled, remove to fresh air. Treat symptoms. Call a physician or poison control centre immediately. Take container, label or product name and Pest Control Product Registration number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:**

Undiluted product could be fatal if swallowed. Give patient repeated glasses of water and contact physician.

**DISPOSAL:**

For Porta-Feed System: 1. Close valve. 2. The Porta-Feed System may be returned to the point of purchase (distributor/dealer). It must be refilled by the distributor/dealer with the same product. Do not reuse the Porta-Feed System for any other purpose. For Other Containers: 1. Triple – or pressure – rinse the emptied container. Add the rinsings to the treatment site. 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on the disposal of unused, unwanted product, contact the Provincial

Regulatory Agency or the manufacturer. Contact the Manufacturer and the Provincial Regulatory Agency in case of spill and for cleanup of spills.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
