Shake well before using

Registration number.....19654

Pest Control Product Act

READ LABEL BEFORE USING

CAUTION EXPLOSIVE

283 g 10 oz

Caution: Some animals, particularly cats and kittens, may be sensitive to insecticides. See "Directions for Use" for specific application information. If adverse reactions are observed (e.g. heavy salivation, lethargy, breathing difficulties, or other unusual reactions), bathe pet immediately in warm, soapy water. If symptoms persist, seek medical attention. Do not use on nursing females or on puppies and kittens under eight weeks of age. Because some animals,

particularly cats and kittens may be sensitive to insecticides, do not exceed the recommended application rate on cats and kittens unless so advised by your veterinarian.

Shake well before using

DIRECTIONS FOR USE:

For use on dogs and cats only to control dog fleas, cat fleas, American dog ticks and wood ticks.

1. Start by applying a one-second burst of "Sectrol" Two-Way Flea Foam directly on haircoat near the pet's head, avoiding contact with the eye.
2. Repeat this procedure, making sure to thoroughly moisten, but not soak, the entire haircoat. When applying to cats, use a one-second burst for each pound your cat weighs. Usually 4-5 one-second burst will cover a 5-7 pound cat. The amount required will vary with the size of the pet and the density of the haircoat.
3. It is important to apply "Sectrol" Two-Way Flea Foam as evenly as possible over your pet's body because fleas will migrate to untreated areas (e.g. toes, footpads, around the ears etc.).
4. Applying this product at the level described above will provide rapid flea kill and 8-day residual activity.
5. Allow your pet to dry. Do not towel dry as this will remove many of the "Sectrol" Two-Way Flea Foam microcapsules. (These microcapsules provide the insecticide's time-release residual activity). A blow dryer works well to shorten the drying time.
6. If required, reapply "Sectrol" Two-Way Flea Foam weekly.

PRECAUTIONS: Keep out of reach of children. Avoid contact with eyes. Do not contaminate water, food or feed by storage or disposal. Wash hands after use and before eating or smoking.

FIRST AID: In case of contact with eyes, immediately flush with plenty of water. If irritation persists, get medical attention. If on skin, wash with soap and water. CAUTION: CONTAINS A PETROLEUM DISTILLATE. IF SWALLOWED, DO NOT INDUCE VOMITING. SEE PHYSICIAN.

Contents under pressure. Do not puncture or incinerate container. Do not use or store below 0°C (32°F). Exposure to

temperatures above 50°C (130°F) may cause bursting.

Storage and Disposal:

Storage: Store in a cool dry place away from heat or open flame and inaccessible to children.

Disposal: Do not re-use empty container. Do not puncture or incinerate. Replace cap and securely wrap in several layers of newspaper and discard in trash.

Notice to User: This product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use a control product under unsafe conditions.

Warranty: Sellers guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes all risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
