EASY AS 1 - 2 - 3

IN KITCHEN

ANIMAL QUARTERS

AROUND GARBAGE CANS

DIRECTIONS FOR USE: Later's Crawling Insect Killer Spray is ready to use. Apply just to point of run off, with a paint brush or as a coarse spray to control many insects around the home or summer camp. Ventilate room and allow sprayed surfaces to dry thoroughly before re-use.

TO CONTROL	RATE/AREA	METHOD
IN DWELLINGS: Ants, Clover Mites, Crickets, Earwigs, Roaches, Saw-Toothed Grain beetles (exposed stage), Silverfish, Ticks, Spiders,	50-60 mL/1 m2	Apply to baseboards, stoves, under sinks, window sills and other areas frequented by insects.
Bed Bugs		Apply lightly to mist mattresses, and generously to inside of bed frames with attention to hiding places. Repeat as necessary. Avoid excessive wetting.
IN CARPETS: Carpet Beetles, Fleas, Moths	50-60 mL/1 m2	Spray thoroughly on floors and under carpets where insects appear.
IN ANIMAL QUARTERS Fleas		Spray floors, beddings, etc. Repeat as necessary.

<p>OUTDOORS: Flies, Mosquitos</p>	<p>50-60 mL/1 m²</p>	<p>Spray around garbage cans, porch lights and other places where flies alight or congregate. Apply to outside (outdoors) surface of buildings, garages, porches, screen doors and window frames.</p>
<p>Hornets and Wasps</p>		<p>Apply as a coarse droplet spray directly to the nest after dark when all insects have returned to the nest.</p>

- To obtain thorough coverage, apply to point of run off.
- Repeat as necessary.
- Do not spray on plants.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid contact with skin or eyes. Avoid ingestion. Avoid contamination of foods, feeds, seeds, drinking water and utensils. Do not spray in rooms containing pets, birds or tropical fish. Do not contaminate lakes, ponds, streams, irrigation water used for domestic purposes. Use only for recommended purposes at correct rate. Keep in original container during storage. Destroy empty container. Avoid breathing spray mist. Do not spray near open flame. Do not use as a space spray. Avoid wetting latex paints, rubber or asphalt floor tile. If in doubt, test small area. Do not use on animals, birds, fish or plants.

FIRST AID: For external contact, wash skin with soap and water, rinse eyes with plenty of water. If swallowed, do not induce vomiting. Get prompt medical aid.

TOXICOLOGICAL INFORMATION: Atropine sulphate is antidotal. Deodorized kerosene is used as a solvent.

Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the products on that condition.
