FOR INDUSTRIAL OR INSTITUTIONAL USE ONLY

Rampart D 360 is an industrial disinfectant cleaner especially designed for schools, institutions and industry. One application when used as directed, removes dirt, grime and disinfectants and deodorizes.

D 360 can be used effectively to deodorize and control odors in toilet areas, behind and under sinks, garbage cans and storage areas where bacterial growth can cause bad odor or mould problems, and for general cleaning and disinfecting wall, floor, and other hard surface areas.

DIRECTIONS: For general disinfecting and cleaning in lightly soiled areas use 8 mL per 1 litre of water. Apply with mop or cloth.

For heavy duty cleaning use 16 mL per 1 litre of water.

For sanitizing use 4 mL per litre after cleaning and rinsing.

Do not mix with other cleaners. Rinse empty containers with water before discarding.

NOTICE TO USER: This control product is to be used only in accordance with the directions. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Concentrate may cause eye or skin irritation. Do not get product in eyes or skin. Harmful if swallowed. Avoid contamination of food.

FIRST AID: In case of contact with eyes or skin flush with water for at least 15 minutes. For eyes get medical attention. If swallowed, promptly drink a large quantity of milk, raw egg whites, gelatin solution or if these are not available drink large quantities of water. Get medical attention.
