VERY TOXIC TO FISH

DIRECTIONS FOR USE:

To be used only in the manufacture of an insecticide registered under the Pest Control Products Act.

with food, drink, and animal feedstuff. Protect from humidity and heat. Store at temperatures between 5-30°C.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND UNAUTHORIZED PERSONNEL. Hazardous if swallowed, inhaled or absorbed through skin. This product may be more toxic by inhalation than by ingestion. Wear clean well fitted goggles and pesticide approved respirator as well as protective clothing and impermeable rubber gloves. Do not smoke, eat or drink while working with this product. Wash hands after contact with this product and before eating, drinking or smoking.

DISPOSAL AND DECONTAMINATION: Canadian formulators of this technical material should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. **THIS PRODUCT IS VERY TOXIC TO FISH. DO NOT** release this product into sewers or surface water. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

FIRST AID: Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention. If swallowed induce vomiting and rush patient to the nearest hospital taking this label with you or contact a poison control centre. In case of skin contact, remove contaminated clothing and wash skin thoroughly with soap and water. If splashed in eyes, flush with plenty of water for 15 minutes and take patient to hospital at once or contact a poison control centre. If inhaled, remove patient to fresh air, administer artificial respiration if not breathing and summon medical help immediately.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

TOXICOLOGICAL INFORMATION: Medical personnel should contact Aventis' medical information services, toll-free: 1-800-334-7577. Endosulfan is a central nervous system stimulant. Toxic symptoms in humans include headache, disorientation, cramps, followed by generalized convulsion. Do NOT use epinephrine derivatives (adrenaline derivative). Use saline cathartics and gastric lavages. Amobarbitol-sodium or thiopental-sodium may be given intravenously for convulsions.
